Chairman  
The President's Committee  
on Scientists and Engineers  
Washington 25, D. C.

Dear Dr. Davis:

Since you invited me to address the Conference on, "America's Human Resources to Meet the World Scientific Challenge" at Yale University last February 3rd, I am enclosing a copy of a self-explanatory letter I have just sent to Dr. Harry H. Ransom, Editor of the Texas Quarterly concerning a reprint of my speech in the summer-autumn 1958 issue of the Texas Quarterly.

I am at a bit of a loss to understand how this happened as I understand Dr. Ransom is a thoroughly reputable gentleman and yet according to our records we made our conditions of publication entirely clear to him.

Faithfully yours,

Signed

Allen W. Dulles  
Director
